

We're proud to offer the following services:

Fireplace & Chimney Inspections

Did you know that not only are yearly fireplace and chimney inspections recommended by all fireplace and chimney professionals, but that our building code also **REQUIRES** them?

Chimney Sweeps

Our CSIA Certified Chimney Technicians provide a mess-free and educational experience with every sweep. Cost includes an annual NFPA Level 1 Inspection with written report.

We service all manufacturers of wood stoves, pellet stoves, factory built fireplaces, and wood burning inserts!

Diagnostic Services

Having an issue with your gas or wood-burning appliance? We have the experienced team to troubleshoot just about any problem you could experience.

Gas Fireplace Cleanings

The key to prolonging the life of your gas appliance is routine maintenance. Let our expert gas fireplace technicians ensure it is operating safely, efficiently, and as beautifully as the day it was installed!
